On 12-05-18 at approximately 1613 hours Dep. Larimer and I conducted a traffic stop on a silver in color sedan bearing an AZ license plate of WV0732 at the intersection of Carmelita and 7th St for a civil traffic violation. During the course of the stop the driver was identified as Raquel Faur and the front seat passenger was identified as John Hodge. Faur gave Dep. Larimer consent to search her vehicle and subsequent search lead to the discovery of approximately 3.9g of Methamphetamine located underneath the front passenger seat of the vehicle. The Methamphetamine was held in a new, clear, small zip-loc style bag. A subsequent recorded, post Miranda interview with Faur lead to her advising that she had just purchased the Methamphetamine from Sherill Rogers at her address. She went on to tell us that Sherill sold it to her for \$50-55. It should be noted that just prior to the vehicle being stopped it was observed parked and running in front of Sherill's address for approximately 10 minutes. It was stopped shortly after it was seen leaving. The traffic stop was further documented under DR# 18-42181 Faur was arrested and booked.

I returned to the CCSO Sierra Vista Substation where I drafted a search warrant for Sherill's address of 217 N. 1st, Sherill Rogers, and a pink in color vehicle registered to her bearing an AZ license plate of CAL4298. I presented the search warrant to Judge Dickerson where he reviewed it and signed it. I returned to the CCSO Sierra Vista Substation where I met with other members of the CCSO Street Crimes Unit (SCU) and other patrol deputies. The execution of the search warrant was briefed and I was assigned to the entry team. We responded to the residence and arrived on scene at approximately 2027 hours. Upon arrival a white in color SUV was observed parked and running in front of the residence with a female sitting in the driver's seat. As we pulled up I exited and drew my department issued Glock 21, orienting it towards the white SUV. The female was ordered out of the vehicle and detained. She was later identified as Ronda Leever. As I dealt with Leever, other on scene deputies made contact with a male subject in the front of the residence. He was detained and later identified as Jerry Craft.

I approached the main residence as a second team made entry into the backyard as a shed had been observed in the back yard. We were unable to illicit a response from the front door of the residence and it was breached. As it was beached contact was made a female identified as Sherill Rogers. Rogers was detained and entry was made into the residence and it was cleared. As the main residence was being cleared, contact was made with a male subject who exited the smaller building in the back yard. The male was later identified as Michael Turner. A small shed and the back building were cleared by the second team. It should be noted that upon execution of the search warrant, the back building was thought to be a shed. It was learned that it was a small studio style apartment where Turner resided.

After the buildings were cleared I conducted a recorded interview with Rogers. Rogers was read her Miranda Rights and acknowledged that she understood them. I asked Rogers if she knew why a search warrant was executed at her residence and she advised that it was because she used drugs. I told her it was because she also sold drugs to which she agreed. Rogers went on to advise that she had been selling drugs for approximately one year to support herself and her animals as she was unemployed. She advised that she "re-ups" at least once a week and typically gets around a quarter ounce of Methamphetamine. I asked if Methamphetamine was inside her residence and she went on to tell us that there was as she had just re-upped. She explained that there would be around a quarter ounce inside her residence located inside a false book along with paraphernalia.

I learned that as the second team cleared the back residence, marijuana

and paraphernalia was observed within plain view. I then conducted a recorded interview with Michael Turner and he was read his Miranda Rights which he acknowledged that he understood. As I spoke to Turner he advised that there would be Marijuana and paraphernalia located inside the back building where he stayed. He also advised that he did not have a Medical Marijuana Card.

A search was conducted of the properties and the following items were located:

1419-1: Immitation box/book holding a tied baggie of Methamphetamine, 11.6g GFW, Master Bedroom

1419-2: SSVEC Bill with Rogers name, Master Bedroom

1419-3: Wood box holding approx. 3g GFW of Marijuana and paraphernalia, Master Bedroom

1419-4: Glass Meth Pipe with Residue, Master Bedroom

✓ 1419-5: Crack Cocaine Pipe, Master Bedroom

1419-6: Black LG Phone, Master Bedroom

✓ 1419-7: Pink Pouch With Scale, Master Bedroom

✓ 1419-8: Numerous Small Plastic Baggies, Master Bedroom

1419-9: Box With Marijuana Shake, Shed Front Room

1419-10: Blue Bag holding a pill bottle containing approx. 5g GFW of Marijuana, Shed Front Room

1419-11: Hypodermic Syringe and Spoon With Residue, Shed Bathroom

1419-12: Digital Scale, Shed Master Bedroom

1419-13: Meth Pipe With Residue

✓ In observing the items seized I noted that the numerous clean plastic baggies located in the master bedroom were the same as what Faur had her meth in. We then left the scene and the evidentiary items were secured and transported to the CCSO Sierra Vista Substation. Prior to being placed into temporary storage, the Methamphetamine located was field tested displaying a positive result for amphetamines. Both Rogers and Turner were transported to the CCSO Sierra Vista Jail and booked. CCSO Animal Control Officers checked on the animals insuring they had sufficient food and water and the residence was secured. It should be noted that the GFW of the Methamphetamine located in the house was 11.6g, more than the aforementioned quarter ounce Sherill spoke of. If you take into account the 3.9g (GFW) of Methamphetamine Sherill sold to Faur prior to the search warrant, Sherill had approximately 15.5 GFW of Methamphetamine in her residence on the date of the search warrant. 15.5g, a for sale quantity of Methamphetamine is just over a half of an ounce, double what Rogers advised that she typically gets when she "re-ups". It should also be noted that the pink in color vehicle listed on the search warrant was not searched as it was parked and locked in the driveway. I did not want to destroy the window to gain access and nothing could be observed in plain view from the outside.

On 12-13-18 The evidentiary items were processed and placed into CCSO Evidence. I also drafted a search warrant for Roger's phone and presented to

COCHISE COUNTY  
SHERIFF'S OFFICE  
OFFICIAL COPY

Judge Ramaeker JP5 where he reviewed it and signed it. The search warrant was assigned the number of SW20180228. I met with an evidence custodian and obtained custody of Roger's phone. I ultimately provided the phone and a copy of the search warrant to Det. Eric Jamka so he could begin the extraction. Once the phone was provided to Det. Jamka for the extraction to begin I completed a return for the search warrant and returned it to JP5. I also reviewed jail phone calls and observed one made on 12-07-18 to a "Jill Cooper" from Sherill. It should be noted that the Securus System had the caller listed as Sherill Rogers and I also recognized the voice as Sherill's. During the call "Jill" asked ✓ Sherill what was going on and Sherill responded by saying "I started to sell drugs so I can survive. And this girl who bought some from me, she told on me". Jill asked why Sherill did not ask for help and stated that she would have sent her money to which Sherill responded by saying that she has \$1700 worth of bills a month and did not want Jill to have to pay for them.

Nothing further at this time. Additional information will be documented via supplemental reports.

Det G Hudson 0914  
CCSO SCU

On 12/5/2018, Det Olmstead drafted an affidavit for a search warrant for the residence 217 N 1st St, Sierra Vista, AZ. The search warrant was for drugs and similar evidence.

I assisted in this search warrant by drawing up the tactical plan for the search warrant service.

The entry team consisted of:

Breachers:  
Dep Larimer  
Dep Encinas

Det Hudson-Shield  
Det Olmstead-Entry  
Det Reibschied-Entry  
Dep Norton-Entry

There were other perimeter units involved as well, consisting of:

Sgt Watkins  
Dep Gilbert  
Dep Dolhyj  
Dep Haymore  
Dep Marshall  
Dep McNeely  
Dep Sharp

Units arrived at approximately 2028 hours. A female was sitting in a vehicle outside the residence in the driveway. Deputies made contact with her and detained her.

The entry element approached the front door. The door was locked and announcements were made several times by Dep Larimer. After several commands, the door was breached by ramming the door. Upon the door opening, I observed the suspect, Sherill Rogers standing several feet from the door. She was ordered out of the residence and taken into custody.

At the same time, I heard Deputies south of the residence in the yard giving commands to a male subject. After that person was detained, entry was made into the residence. No one was located in the residence.

Sgt Watkins and his element was in the back yard area covering on a shed/apartment. They advised they had one subject detained from inside the shed/apartment. They cleared the structure with no one else being located.

After everything was cleared and secured, a perimeter was set up for security. I had Det Olmstead conduct an interview with Rogers about the case. Later, Det Olmstead advised that Rogers had admitted their was meth in the residence.

located in a fake book box in her bedroom.

I spoke to two detained persons. The woman from the vehicle was identified as Ronda Leever. Ronda stated she was at the residence to pick up Jerry Craft, her significant other. She had no involvement in the residence. I know Craft from prior drug arrest incidents.

I spoke to Craft, who advised he was in Michael's place in the back yard, charging his cell phone and waiting for Leever to pick him up. Both Leever and Craft were released at this time.

✓ A search began in the residence and several items were located in Sherill's bedroom. See evidence log for further. *Thurman*

I then left the residence before the search was complete and set up perimeter in front of the house. A search was then conducted in back shed/apartment area.

Det Olmstead and I took all the evidence in my truck back to the Sierra Vista substation. Dep Larimer stayed on scene awaiting Animal Control Officer/s to take the animals from the residence.

Once at the office, the evidence was secured into the Evidence Room. This concluded my involvement in this matter.

Supplemental Report

On 12/5/2018, I assisted in the execution and service of a search warrant, at 217 N 1st St, Sierra Vista, AZ.

During our briefing at the Sierra Vista Sheriff's Office, I was tasked with a position on the entry element / breaching. I was advised we would be conducting a protective sweep of the residence.

We executed the search warrant at 217 N 1st St. We moved up to the main entry door of the residence and several knocks and announcements were made. After several attempts were made the door was breached by Deputy C. Larimer. A female subject identified as Sherill Rogers was contacted inside the residence; Sherill Rogers was detained.

Secondly, I assisted with clearing other sheds on the property. I had no contact with anyone else on the property. Several other subjects were detained while executing the search warrant.

I was tasked with perimeter security and was released from the scene shortly after.

Detective Olmsted requested I transport Sherill Rogers to the Sierra Vista Detention Center. I transported Sherill to the Sierra Vista Detention Center without incident.

This concludes my involvement in this case.

*It was later found that*

✓ On 12-5-18, at approximately 1620 hours, I was made aware that Det. Olmstead and Dep. Larimer conducted a traffic stop resulting in information that Det. Olmstead was going to use to draft a search warrant for 217 N. 1st St., Sierra Vista, Az.

*recovered Sherill Rogers*

At approximately 1830 hours, Dep. Larimer and I set up in the area of 217 N. 1st St. to conduct surveillance of the residence. Further, Det. Olmstead advised me he had probable cause to detain the suspect Sherill Rogers and her vehicle, a pink colored Dodge Neon, Az. license plate CAL4298, registered to Sherill Rogers. As I was waiting, I was contacted by Det. Hudson who tasked me with being part of the entry team during the search warrant service.

*recovered*  
At approximately 2025 hours, I observed a white colored vehicle arrive at the residence which I advised units that were responding to the residence to serve the search warrant. Once the units arrived on the area, I arrived at the residence, parking my unmarked patrol vehicle in front of the residence with the emergency lights activated. I exited my vehicle and activated my Transcend 10 body camera, deploying my issued Colt AR15 rifle. I moved to the front of the residence with Det. Hudson and to the front door. As we did this, I overheard Deputies "making contact" with a subject on the side of the residence. Further, Deputies were contacting a subject in the rear yard area of the property. Once the front door of the residence was "breached", contact was made with Sherill Rogers who was detained with out incident. Entry was made into the residence which no one else was located. Further, I made entry into a residence in the rear portion of the property which no one was located inside of that residence.

✓ Next, I was tasked with assisting in searching the residence. During the search, I did not locate any items of evidentiary value. I searched the rear residence and located the following item:

-a syringe and a silver colored spoon with brown residue, on a shelf in the bathroom

I left the item I located in place and continued to search the residence, not locating any other items of evidentiary value.

That concluded my involvement in this case.

Supplemental Report 4

✓ On 12/5/2018, I assisted in the execution and service of a search warrant, at 217 N 1st St, Sierra Vista, AZ.

Detectives Reibscheld and Olmstead requested my assistance in executing a search warrant for narcotics at the residence. I was asked to maintain a cover position on several sheds in the backyard while Deputies conducted a protective sweep of the residence.

During our briefing at the Sierra Vista Sheriff's Office, I was tasked with a position on the entry element / breaching. I was advised we would be conducting a protective sweep of the residence.

✓ At or about 2027 hours, Deputies Dolhyj, Gilbert, and myself arrived with other Deputies to conduct a search warrant at the residence. We walked into the backyard and discovered several sheds and one detached residential structure. We cleared the sheds and maintained a cover position on the small residence.

✓ As Detectives conducted a sweep of the primary residence on the property, the front door opened to the secondary structure and I encountered a man who was later identified to me as Michael Turner. I informed Michel of the situation and the search warrant. I ordered him out of the residence, instructed him to turn, facing away from me and lower himself onto his knees. Once he was in a kneeling position, Deputies secured his wrists onto handcuffs behind his back and he was secured in a patrol vehicle which was positioned in the alley behind the property. I conducted a protective sweep of the secondary structure and departed the area.

~~I did not collect any evidence or interview any persons. This concludes my involvement.~~

*No fine*

On December 05, 2018, I was contacted by Narcotics detectives of the Street Crimes Unit in reference to a search warrant which was being issued and needed to be served later in the evening.

I was asked to meet at the Sierra Vista sub-station for briefing and to be given an assignment.

During briefing I was asked to block off the roadway South of the target location.

We responded to the target location and I positioned my fully marked patrol vehicle, with my rad and blue lights activated, in the roadway to block traffic.

As the entry teams made entry and had the occupants of the yard and residence exit the house, I assisted in detaining them and taking them to a safe location near behind patrol vehicles.

✓ I was given RONDA LEAVER, who was at the residence to pick up her room mate. I watched her until the search warrant was over. During this time I requested a wants and warrants check on her which came back negative.

Detective Hudson spoke to LEAVER and due to the fact she was not involved in this incident, I was instructed to release her from handcuffs and let her go.

✓ I was then given the assignment to be the scribe and document who found each item while searching, what time it was found, and a brief description. I was also tasked with taking digital photographs of the items seized. *Not true*

I then took digital photographs of the shed prior to it being searched and departure photographs of the shed and the target residence. All digital photographs are attached to this supplement. *What pictures?*

This concluded my involvement in this search warrant.

*No time*

On 12/5/2018, I assisted in the execution and service of a search warrant, at 217 N 1st St, Sierra Vista, AZ.

Upon my arrival, I deployed with my agency issued Colt AR-15 patrol rifle. I approached a driveway area located on the west side of the home. I was directed to assist Deputy Norton with covering the south side of the home as other units covered the front door area. Also with me was Deputy Dolhyj. As I was moving to help Deputy Norton, I heard him call out to someone to show their hands. I moved to the right of Deputy Norton and called out to other units on scene that we were in contact with someone.

I immediately gave this male loud verbal commands to walk to us slowly. At this same time, Deputy Norton was giving this same male commands to show his hands. I had my patrol rifle pointed at this male as he slowly approached our location outside of the fenced yard. Deputy Dolhyj, who was to me left, reached and opened the gate, to allow this male to exit. Once this male was near, I told him to turn around, and drop the items in his hands. This male set down two cell phones, and a poncho jacket which was around his shoulder. *What about checkers he was carrying*

I holstered as Deputies Norton and Dolhyj covered my approach with this male. I directed this male to put his hands behind his back and not to move. I grabbed this male in an OCCSO control hold, handcuffed him, checked his waist for weapons, and moved him out of the area. I walked this male to my patrol car on the street. At this point, I checked this male thoroughly and removed several bulky objects from his pockets. The handcuffs were checked, double locked, and he was put into the rear of my patrol car. *I and the officer*

*Not time*  
I returned to the yard to get further assignment. I was tasked with helping cover an outbuilding on the eastside of the yard. (This outbuilding is lived in, but it was not known if anyone was inside) I covered this building with Deputy Dolhyj and Sgt. Watkins. Within minutes, I male emerged from this building. I pointed my rifle at him as commands were given. This male gave no resistance and complied with commands. He was contacted by Deputy Dolhyj who led him to a waiting patrol unit in an alleyway to the east. *He was taken to the front*

Deputies held on this building until the main residence was secured. Once this was done, deputies entered this outbuilding. I entered with Sgt. Watkins and Deputy Dolhyj. I conducted a sweep of the residence and located no other persons.

I exited and went to the street to await further assignment. It was at this point I identified the male in my patrol unit as Jerry Craft. Following this, Craft was released from custody.

I was not assigned to search, collect evidence or photograph. *was assigned to* transport the male who was in the outbuilding to the Sierra Vista Detention Center. This male is later identified as Michael Turner. I transferred Turner to my patrol unit and transported him without incident.

Deputy C. Larimer #1417

✓ On 12-05-2018, at approximately 2025 hours, I assisted with the execution of a search warrant at 217 N 1st in Sierra Vista, AZ. Before arriving to the target address I was assigned as a breacher.

Upon arrival to the target address, I witnessed a female seated in the driver seat of small white SUV in front of the property. I activated the red and blue over head lights on my fully marked patrol vehicle which I parked in the front driveway. I exited my patrol vehicle and immediately drew my department issued Glock from my holster.

I approached the driver door of the small SUV and commanded the female driver to put her hands up. The female complied with commands and I was told another Deputy would secure the female. I walked to the front door of the residence and began knocking loudly on the front door while giving verbal commands/announcements advising we were the Police and to open the door.

✓ I gave multiple announcements before checking the door which was locked. I then used a ram to strike the door. My first and second swings struck the frame of the metal screen door. My first two swings missed my intended target due to small work space causing my back to get stuck against the shield being held by CCSO Det. Hudson.

✓ My third swing struck the door knob of the door which successfully opened the door. I heard CCSO Det. Hudson giving commands to a female inside, the female complied with commands and was taken into custody. I then assisted in clearing the residence where no further subjects were found.

✓ After the property was cleared, I used my department issued cell phone to take entry photographs of the outside and inside of the main residence. After photographing the residence, I assisted in searching the master bedroom located at the East side of the residence. When I found an item of evidence, I would advise CCSO Dep. Sharp who provided the item with a number placard and photographed the item where it was found. The items found by me will be listed below.

Items found by me at 217 1st Street (main residence):

✓ Item #1, imitation book holding plastic bag with methamphetamine, found in master bedroom on desk at approx 2116 hours.

✓ Item #7, pink pouch holding digital scale, found inside desk drawer (master bedroom) at approx 2120 hours.

Item #8, Multiple clear zip lock baggie, found inside desk drawer (master bedroom) at approx 2120 hours.

✓ When the search of the main residence was completed, I assisted in the search of a small apartment/shed in the back yard. A list of items found by me in the small apartment/shed will be listed below.

Items found by me at 217 1st Street (small apartment/shed):

Item #9, box holding marijuana residue, found in front portion of shed at approx 2141 hours.

Item #10, plastic container holding marijuana, found in front portion of shed at approx 2141 hours.

Item #12, digital scale, found in master bedroom of shed at approx 2150 hours.

Item #13, glass smoking device with white residue, found in master bedroom of shed at approx 2151 hours.

After the search was completed, I remained on scene awaiting CCSO Animal Control's arrival due to multiple dogs/cats at the residence. Animal Control advised they would be leaving the dogs at the home for the night. I left the residence with no further involvement. All digital images taken by me have been attached to this report.

No further information at this time.

Supplemental Report #10

D. Norton 0723

✓ On 12/05/18, I assisted the Street Crimes Unit with executing a Search Warrant at 217 N 1st Street, in Sierra Vista.

I attended the briefing at the Sierra Vista Substation, during which time, I was advised my primary task was the main entry team. It was also advised the main target was, Sherill Rogers.

The following is a summary of the attached body camera footage, which was later entered into evidence.

On arrival, I exited my marked patrol vehicle, deploying my department issued UMP 45, with my emergency lights activated in front of the residence. I approached the front of the residence with Detective Hudson and began clearing vehicles in the driveway. I later transitioned to the 1/4 corner covering an alley leading to the backyard.

✓ During this time, I observed a male subject, Daniel Craft appear from the shadows and approach from the backyard. I gave Daniel commands, which he complied and was detained.

I continued to the front porch. Shortly after, the front door was breached and Sherill Rogers exited the residence. Deputies made entry and cleared the residence, locating no additional persons.

I then was tasked to assist Sgt Watkins with a living space at the rear of the property. The structure was cleared without incident.

I then maintained outer-perimeter, until I was relieved.

No further involvement.

Supplement #11

Deputy A. Marshall 1750

✓ On 12/5/2018, I assisted in the execution and service of a search warrant, at 217 N 1st St, Sierra Vista, AZ.

I attended a briefing at the Sierra Vista office in reference to the search warrant at the above location. During the briefing, I was assigned to go the scene and set up a position at the rear of the residence to watch for any persons leaving out of the back door or backyard.

Upon arrival and execution of the warrant, I went to my assigned location and stayed there until the residence was cleared.

✓ I was asked to assist in the search of the main residence. I searched the living room and kitchen area. My search of the areas revealed nothing of evidentiary value. I was further asked to assist in the search of the residence located in the back of the property. My search of the smaller residence in the back of the property revealed nothing of evidentiary value.

I left the scene providing no other significant assistance. Nothing further to report.

Search Warrant

December 14th, 2018

Supplemental Report

✓ On 12/5/2018, I responded to 217 N 1st St, Sierra Vista, AZ at the request of Detective Olmstead in reference to animals at the residence left behind when the owners were arrested.

✓ Upon my arrival, Deputy Larimer and I entered the yard where there were 7 small mixed breed dogs. All of the dogs were in good body condition and friendly. We then entered the primary residence where I observed 2 parakeets in a cage with food and water, also in good health, fish in an aquarium. I walked through the rooms to ensure there was fresh food and water for the dogs and a safe environment.

Deputy Larimer and I then went to the other residence at the back of the property and entered where I observed a male healthy, friendly pug type dog. There was food and water for the animal in the kitchen by the entrance.

✓ I contacted the Sierra Vista Jail and requested to speak to the owner, Sherrill Rogers of the dogs, however the detention officer was unable to get her at the time. I then contacted Sgt. Linnendol and advised him of the circumstance. We agreed the dogs were in the safest environment for them at the residence, I had no legal grounds to seize or remove the animals and ACO Nichols would go and speak with the owner the following morning to find out if she wanted to sign the animals over to Cochise County Sheriff's Office or had someone that could care for the animals.

Deputy Larimer and I then secured the animals inside of the residences and cleared the scene.

ACO Nichols responded to the jail on 12/06/18 and spoke with the owner, Sherrill Rogers, of the animals who advised that her landlord would care for the animals. She then contacted the landlord, Maggie Turner (10/06/1961), who advised she would care for the animals.

Search Warrant

12/5/2018

Supplemental Report #13

✓ On 12/5/18 I was requested to assist the CCSO street crimes unit service, and execute a search warrant at 217 N 1st St, Sierra Vista.

Once on scene, I deployed with my agency issued Glock 21 duty firearm. As I quickly approached the residence, I found that Dep. Gilbert and Dep Norton had located an individual out of the home on a narrow pathway North of the home. While the individual was held at gun point by the other deputies, I removed some loose fencing from the way to allow for a safe apprehension. I then assisted in tactically covering both deputies while the male was placed in handcuffs by Dep Gilbert. The individual was then left in the control of Dep. Gilbert.

Sgt Watkins and myself then approached a secondary residence on the rear of the property, and found that it was occupied by a single white male (later identified as Michael Turner). Sgt Watkins and myself gave verbal commands to Turner and were able to safely place him in handcuffs and pass him off to Dep Marshall. A check for additional occupants was conducted of this rear structure, and was met with negative results for additional persons. It should be noted when this structure had a strong odor of freshly burned marijuana.

Once the area was deemed safe, Det. Olmstead and Det. Hudson requested that I assist in the execution of the search warrant.

✓ I conducted a search of living room, kitchen, and the family room of the primary residence and found nothing of evidentiary value.

I then conducted a search of the secondary residence and assisted in packaging evidentiary items 9-13 for removal to be further reviewed by detectives.

This concludes my involvement with this incident
